Dear Ed,

Enclosed is a copy of a mailing from one of the more right of the right-wing political groups, with the identity of the addressee removed and that of a member of the board marked. Is it possible he is the guy responsible for the leak of your letter from Mollenhoff and its misrepresentation, with subsequent embarrassment to you?

The is only the first page. I presume you have no interest in the letter as such and have sufficient olfactory sensitivity to identify some of the other names and their scents.

These guys regard Nixon as Red.

Better dead?

Best regard-and nothing really new.
